

Industry Focused Solutions

Our industry-focused approach means that we can deliver immediate value to the clients looking for solutions that leverage Microsoft technology. Our vertical teams combine their business expertise with proven reusable assets and frameworks to optimize operations and deliver scalable business solutions in the following areas:

- ▶ Financial Services
- ▶ Insurance and Healthcare
- ▶ Life Sciences
- ▶ Communications

Solution Accelerators and Frameworks

Paragon leverages its experience to deliver Microsoft-based frameworks and other deliverables which help reduce time to market and costs for business solutions such as:

- ▶ Contracts Management
- ▶ Grants Management
- ▶ Insurance Claims
- ▶ Knowledge Management
- ▶ New Account Opening
- ▶ Electronic Communications Risk Management
- ▶ SharePoint/Documentum Integration
- ▶ Intelligent Content Framework

Improving the Way Work Gets Done™

Paragon Solutions assists its clients in acting on priorities that raise enterprise effectiveness by utilizing enabling technologies to ensure compliance, optimize business processes, and integrate and disseminate information across the enterprise. Our Service Centers of Excellence support solutions that are relevant to business and technology executives today:

- ▶ Records Management & Compliance
- ▶ Collaboration
- ▶ Image Capture & Workflow
- ▶ Service Oriented Architecture
- ▶ Enterprise Performance Management
- ▶ Dynamic Customer Communications

A Microsoft Gold Certified Partner

As a Microsoft Gold Certified Partner, Paragon Solutions provides business and technology strategy consulting and solutions built on the .NET framework and Microsoft Office SharePoint Server (MOSS) to intelligently author, share and manage content across the enterprise. Paragon combines its business solution frameworks for collaboration, knowledge management and records management with expertise in social networks, content integration, XML authoring, search, provisioning and infrastructure scaling.

Our SharePoint and .NET practices can provide expert consulting and implementations using the following tools and products to meet client objectives:

- ✓ Microsoft Office SharePoint Server (MOSS/WSS v3)
- ✓ SharePoint Portal Server (SPS/WSSv2)
- ✓ SQL Server Reporting Services
- ✓ Windows Communication Foundation (WCF)
- ✓ Windows Presentation Foundation (WPF)
- ✓ Windows Workflow Foundation (WWF)

About Paragon

Paragon Solutions, a division of Paragon Computer Professionals, is a business and technology consulting firm that specializes in enterprise information management to help clients leverage information assets for better business results. The company does this through its industry practices, solution accelerators and specialized technology competencies that help clients achieve operational efficiency, business scalability and regulatory compliance.

Paragon works with businesses that are focused in a few key industries – communications, financial services, healthcare, insurance and life sciences. The industry-focused strategy consulting and systems integration teams work with Paragon's competency groups addressing today's technology concerns in Process Optimization, Information Management and Information Integration.

For more information, please visit the Paragon Web site at www.consultparagon.com, or call 1.800.462.5582, ext. 3100.
